

Feng Shui Chart by D Twicken & A L Chan

This report is prepared for 2007 on Jan 29 2012.

Construction Year: 2007 (Cycle 8), Sitting: SE 2, Facing: NW 2, Angle 322;

This program and its charts include Classic Water Dragon Methods, which are listed below and Flying Star Feng Shui charts are presented. The first chart is a basic Flying Star Chart, the second is all the Water Methods in this program (listed below) and the third is my recommendation for Water Placement based on foundation Feng Shui elements, including Annual Five Star, Grand Duke and Three Killings, please include all aspects of Feng Shui we are not able to include, including forms. These recommendations are based on a variety of variables; Safety is the primary concern. The following are the methods and the underlying assumptions I made for placement recommendations. Based on knowledge you may have from other sources feel free to use these recommendations as only guidelines.

Water Dragon Prosperity Methods:

1. Ling Shen - Primary Fortune Palace
2. Zhao Shen - Secondary Fortune Palace
3. He Tu Castle Gate
4. Castle Gate
5. Early Heaven-Later Heaven
6. Dragon Gate Eight (1-Formula)
7. Water Fan Gua
8. Mountain Fan Gua
9. Five Ghosts Carry Money Fan Gua
10. Annual Eight Star

A book is available explaining the theory for each method.

I suggest moving items, for example, pendulums as virtual water, they are safe and easy to obtain. The key is to move Qi, water is only one way.

Assumptions incorporated into the program.

1. Untimely Stars for period eight are 2, 4, 5, 7. I avoid any placement in palaces with these stars. This is a very safe and conservative approach.
2. Stars 3 and 6 are safe and usable but do not have much Sheng (Favorable Qi), they do provide a safe environment for Water Placement
3. The Grand Duke, Three Killings and Annual Five Star are included in the charts and recommendation is to avoid placement in those areas.
4. I suggest no water placement in the North East for period eight, this is a traditional recommendation, it is a very safe approach.
5. Inside Water Placement strategy, which is presented in this program uses the building orientation for the facing-sitting. Use the building facing for interior Water Placement.
6. Outside Water Placement may require using the direction of the front door, this is based on individual teachings, which vary.
7. The program asks for facing direction only, it will create the proper Flying Star Charts and Water Placement methods using the facing direction, all conversions have been accounted for and included in the program.
8. Feel free to make alternative placements based on other knowledge.
9. Feel free to contact the owners with any questions on these methods and usage of the

program.

Our lineage can be traced to the ancients of China, these were the original Taoists. Founders of the I Ching, Yin-Yang Theory, Five Elements, Eight Gua and I Ching Science, these Taoists applied this cosmological knowledge to our environment and created Feng Shui. Our roots lie in a natural and wholistic view of the universe, as well as our everyday life. May this Feng Shui program contribute to bringing Health, Happiness, Vitality and Prosperity to you and all you touch.
